Hello Ms. Dorka,

I am a reporter with Bloomberg Law. We are working on a story on environmental civil rights complaints. We have spoken to people who have been critical of the lengthy administrative process in Title VI cases that can take many years, and specifically of the EPA's findings in the Genesee complaint (EPA File No. 01R-94-R5) on Jan. 19, 2017 and in the Uniontown complaint (EPA File No. 13-R-16-R4) on March 1, 2018.

Is your office able to comment?

Thank you for your consideration,

Peter
